This pair of maps show the global presence of Starbucks coffee shops and McDonald's restaurants. When examined graphically, both companies act as global hubs that connect some of the world's poorest, most remote countries with some of the wealthiest.

ABOUT THE AUTHOR

The previous maps deal with an array of major current world issues, from the serious to the seriously frivolous. They were developed for the Information Networks Archive (INA) by Jonathan Harris of Flaming Toast Productions. The maps may not be reproduced or rebroadcast without express written consent of the INA. If you are interested in using the maps, please contact us.

ABOUT CHANGETHIS

ChangeThis is a vehicle, not a publisher. We make it easy for big ideas to spread. While the authors we work with are responsible for their own work, they don't necessarily agree with everything available in ChangeThis format. But you knew that already.
